

Christian Congregational Music: Performance, Identity and Experience (Hardback)

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.
(Mitchell Kuhn III)

Taylor Francis Ltd, United Kingdom, 2013. Hardback. Book Condition: New. New ed.. 236 x 158 mm. Language: English . Brand New Book ***** Print on Demand *****.Christian Congregational Music explores the role of congregational music in Christian religious experience, examining how musicians and worshippers perform, identify with and experience belief through musical praxis. Contributors from a broad range of fields, including music studies, theology, literature, and cultural anthropology, present interdisciplinary perspectives on a variety of congregational musical styles - from African American gospel music, to evangelical praise and worship music, to Mennonite hymnody - within contemporary Europe and North America. In addressing the themes of performance, identity and experience, the volume explores several topics of interest to a broader humanities and social sciences readership, including the influence of globalization and mass mediation on congregational music style and performance; the use of congregational music to shape multifaceted identities; the role of mass mediated congregational music in shaping transnational communities; and the function of music in embodying and imparting religious belief and knowledge. In demonstrating the complex relationship between traditional and contemporary sounds and local and global identifications within the practice of congregational music, the plurality of approaches represented in this book, as well as the range of musical repertoires explored, aims to serve as a model for future congregational music scholarship.
