## Sustainability Principles and Practice

By Robertson, Margaret

Routledge, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Achieving sustainability is the single most important challenge facing humanity, and yet few people realize it. If every student read this text the chances of civilization averting a collapse would be substantially improved. -Paul Ehrlich, Stanford University, USA This book provides much needed and relevant information on the theory and practice of sustainability. It is comprehensive and useful with practical applications in a wide range of human endeavors. It broadens our understanding of sustainability beyond minimizing adverse environmental impacts, including as well how to create more satisfying and productive lives through a more affirmative relationship to the natural world. -Stephen R. Kellert, Yale University, USA Everyone thinks they know what sustainability is, but few people truly understand it--and fewer still can explain it well. Robertson cuts through the greenwash and the clichs with a top-notch exploration of the topic in all its complexities. It's an enjoyable read that's both thoroughly grounded in science and steeped in wonder at our fascinating, fragile planet. - Daniel Lerch, Post Carbon Institute, USA This book provides a comprehensive overview of the state of our earth systems and what we...
