Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually written extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Dominic Collins)

CHURCHILL LIVINGSTONE, 2008. Rústica. Book Condition: Nuevo. Dust Jacket Condition: Nuevo. 40^a. Description. . A universal landmark in medicine ever since Drs. Henry Gray and H.V. Carter published the first edition in 1858, Grays Anatomy now celebrates its 150th anniversary! From state-of-the-art coverage of important new areas such as functional neuroimaging, embryogenesis, and biomechanics . . . through a comprehensively revamped, lavish full-color art program . . . as well as convenient access to the complete contents online, with downloadable illustrations, the new 40th Edition sets a new world standard for accuracy, clarity, and clinical relevance. It is THE place to turn when you want to be sure about the anatomical considerations that pertain to safe and effective practice. Youll find it an invaluable clinical resource, a pleasure to consult, and a reference that youll be proud to have on your shelf. . Reviews. . The all-important tradition of improvement with age is most emphatically maintained by the newest edition of Grays Anatomy . . . New and important ground has been broken . . . The authors have increasingly taken on the task of accommodating the new uses to which anatomy is being put in clinical situations, such as minimally invasive surgery, endoscopy, arthroscopy, microsurgery, and the entire expanding field of imaging, including three-dimensional studies . . . Beautifully produced and medically invaluable. - Scientific American, review of the 39th edition. . Key Features. . Fastidious editing by an esteemed group of clinicians and anatomists, with support from hundreds of contributors and specialist reviewers worldwide, ensures the most detailed and dependable coverage of anatomy available anywhere, including in-depth information on normal variants. . A regional organization collects all relevant material on each body area together in one place, for easy clinical reference. . New to this Edition
