Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Vocational Arithmetic: With Lessons in Spelling, Letter Writing and Business Forms After several years of experience as supervising principal in night-school work, where he has faced the growing tendency to make education more practical, the author of this work has felt strongly the need of something strictly practical in arithmetic and business forms. However, it is believed that the figures used will represent a close average. It was the intention that no subject should be repeated. It is desired to make the work interesting, and variety lends a hand in this...
