Bridges is an incredible journey through the fascinating mind of an impressive young writer. Only The Table of Contents and a couple of excerpts are needed to showcase the books brilliance. The Preface bypasses the customary fluff and immediately snatches the reader into this remarkable collection of thought provoking letters. Written while playing basketball at Penn State, Studevent candidly discusses a myriad of gaps in society that she feels need bridging. Gaps such as those between; Generation Y-previous generations, God-man, teachers-students, gay-straight, coaches-players, males-females, Black-White and good and bad. She tackles polarizing issues such as race, politics, religion and sexual orientation. After a couple of eyebrow raising letters, chapter 3 shifts into overdrive and Bridges never slows down. Amid a host of colorful metaphors, she shows how her generation has lost its way due to a misguided sense of self entitlement. She suggests that they must have emerged from the womb hands first, and not head first, as customary with most babies. If her generation could talk while breastfeeding, they would not only ask, but demand an explanation as to why Mom isnt able to provide chocolate milk in one breast and strawberry in the other. She suggests that maybe too many modern day mothers have spoiled milk because so many of her peers, including herself, are spoiled. She feels todays hybrid (parentfriend) parents are partly responsible for this self entitlement epidemic that has struck Generation Y with a vengeance. Next, she unloads with a raw lambasting of absentee fathers, its your presence, not your presents that matters, and as long as you fathers continue to bail; strip clubs, pimps, prostitution and the porn industry will continue to...
