Home the place where we were born, where we learned our first lessons, where family was defined. The very notion evokes powerful feelings, feelings as individual as our fingerprints, as enduring as the universe and as inescapable as gravity. In this candid, evocative collection of essays, a diverse group of acclaimed authors reflects on the diverse homes, neighborhoods, and experiences that helped shape them using Google Earth software to revisit the location in the process. Moving and life-affirming, this poignant anthology gives fresh insight into the concept of Home. This anthology includes 19 essays by an array of diverse award-winning authors, including . . . Tim Johnston, author of Descent and winner of the O.
