

Having Fun Teaching Math: A Guide for Parents, Tutors, and Teachers (Paperback)

By Carol Walker Manigault, Caroline Brewer

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****. Having Fun Teaching Math is a handbook designed for teachers, trainers, and tutors to use in the classroom, in one-on-one work with children, and for parents to deepen their understanding and skills of how to support their children as learners first, and then as young people capable of reaching the highest heights in the study and application of Mathematics. Teachers, trainers, tutors, and parents who faithfully use this handbook can expect to: Gain knowledge and skills regarding the most important engagement activities that will affect children's academic achievement and social adjustment; Gain knowledge and skills to help ground children in foundational math skills; Gain knowledge and skills to support children's social and emotional growth; Be able to articulate games and activities that will enhance children's foundational math skills; Gain knowledge and skills to more deeply integrate writing into mastering foundational math skills; Gain knowledge and skills to deepen their children's foundational math skills and education outside the home and school; Increase their use of community resources and services that will support children's educational...
